

The Lighting Store

AT UFTON

THE LIGHTING STORE

The Lighting Store, in partnership with Oakwood Events, was created with our couples in mind to help make your wedding day plans a seamless and stress-free experience, offering stunning lighting options that perfectly complement our venue's unique charm. Here's what we offer:

- A selection of barn installations
- Add-ons; up lighting, barn door lights and fairy light backdrop
- Simplicity and ease: Book directly with us - no need to coordinate with external suppliers
- Expert design: All lighting installations have been chosen to compliment beautifully with the venue's existing standard lighting

Our priority is to provide you with exceptional service, thoughtful design, and an effortless planning process, leaving you free to focus on enjoying the build up to your day.

We also want to emphasise that our barn is already a beautiful space as it is. Lighting is entirely optional and is only recommended if you feel it adds to the atmosphere or aligns with your vision for the day. You are under no obligation to include additional lighting if you don't feel it's necessary.

BOOKING PROCESS

How to book: Please complete the order form and email it to weddings@uftoncourt.co.uk or send to your designated coordinator once assigned. Kindly submit the form at least 6 months before your wedding date.

Payment: Full payment for any lighting services will be due 3 months before your wedding day.

TITHE BARN

Installations

FAIRY LIGHT STAR CANOPY WITH LANTERNS

£550

Create a dramatic focal point with our fairy light star canopy with white and lace lanterns. Lanterns have colour and colour change modes with dimmable options for that ultimate transformation for your evening celebrations.
